

Anti-Heat®

Heat-absorbing compound

Anti-Heat® is specially formulated to eliminate heat damage and discoloration on materials exposed to high temperatures. Engineered to absorb and dissipate the heat generated by welding, brazing, or soldering from traveling through the metal surface, Anti-Heat efficiently stops heat related damages such as buckling, cracking, warping or other metal distortions from occurring.

- Absorbs and dissipates heat to eliminate damage and discoloration
- Prevents heat migration through metal surfaces
- Non-toxic & Non-hazardous
- Asbestos-free and odorless
- Adheres to horizontal, vertical and overhead surface
- Made in U.S.A.

Industry Uses:

- Welding
- Metal Fabrication
- Soldering
- Brazing

Surface Uses:

- Metals
- Plastic
- Glass
